Ladies... it's your Cue

This package brings a whole new meaning to the phrase "shop till you drop". With \$1000 to spend, head off to your favourite Cue store with a friend and give your wardrobe the seasonal upgrade that we all dream of. Make sure you leave plenty of time to savour the experience afterwards with a cappuccino or a wine while you proudly look over your new gear!

Renowned for striking and unique designs, you cannot go wrong.

Husbands take note:

- You cannot and will not go wrong with this one!
- If she says bid higher..... then bid higher!
- If she says don't stop..... then don't stop!
- If she doesn't win it..... you don't win either!
